Imagine an Employer as Committed to Your Career Success As You Are.

At Wheaton Franciscan Healthcare, ongoing and continuous learning opportunities happen every day for our imaging professionals. We're continuously implementing new advancements in MRI examinations, CT scanning, nuclear medicine capabilities and mammography because we recognize that our success depends on the skills and talents of our people. By utilizing the latest imaging technology, you will upgrade your talents while improving your patients' health through early detection and treatment of many serious illnesses and injuries.

It is through this promise of professional development that we can provide unmatched quality care for our patients while developing your skills from the inside out. We wouldn't have it any other way.

We offer imaging professionals the opportunity to apply their talent into a variety of specialties including Mammography, Interventional, Ultrasound, Nuclear Medicine, MRI and CT.

The imaging career you've been searching for is closer than you think. Wheaton Franciscan Healthcare has a variety of locations throughout Milwaukee, Racine and Waukesha counties. For a detailed list of our locations, visit us online at: www.wfhealthcare.jobs

Build a career unlike any other with state-of-the-art innovation at your fingertips, while enjoying continuous learning and skill advancement opportunities on an everyday basis.

Ideal candidates will have successfully completed an accredited Radiologic Technology program and show ARRT eligibility. New grads welcome! EOE.

PRESIDENTS MESSAGE

January 2010

Happy New Year!

Have you noticed that the days are getting longer? Thankfully, we are beginning that slow journey toward a spring renewal. My faith in the safety of Imaging in healthcare has also been renewed. On January 19, 2010 the Wisconsin state Assembly passed the Senate version of our practice act for radiologic technologists. There is just one more hurdle to cross and that is to have Governor Doyle sign the bill into law. We expect that to happen sometime mid to late February. You are encouraged to contact the governor’s office to request he sign the bill. Contact information is available on our website under the legislative tab. Thank you to every person who has helped this cause along the way over the past couple of decades.

The WSRT is sending 2 representatives to Capital Hill again this year to attend RT in DC (March, 2010) and encourage passage of the national C.A.R.E. bill. There is still so much work to be done to ensure a safe environment for all patients and education standards for all practitioners.

Within the next few weeks, technologists in the state will be receiving a postcard in the mail inquiring about their interest in developing modality chapters within the WSRT. This means that techs that specialize in CT, MRI, Ultrasound, Mammography, etc could come together in the interest of advancing their practice and education within their specialty. Developing chapters also would allow that specialty to have a voice in the House of Delegates at the national level in the ASRT. Please give this opportunity careful thought and contact the committee members with your questions. This is a natural next step in the growth and development of our state society in meeting the needs of every one of our members.

Speaking of renewal, plans are underway to provide you with an outstanding annual meeting and conference this fall. What a great opportunity to renew friendships and refresh your professional spirit. The conference will be held on October 1-2, 2010 at the Kalahari Resort in Wisconsin Dells. Watch the website for more information beginning in March.

As I anticipate spring, I also anticipate an exciting year for our professional society. New opportunities abound! Please join us.

Sincerely,
Marnet Zimmer

EXPAND YOUR HORIZON THROUGH EDUCATION

District VI would like to extend an invitation to the 78th Annual Conference of the Wisconsin Society of Radiologic Technologists which will be held October 1st & 2nd, 2010 at the Kalahari Resort, Wisconsin Dells. Further information will be published in upcoming issues of the Illuminator. So, mark your calendars and save the dates. (Note that we are once again holding the conference in the fall).

Sheryl Smith, Conference Chairperson
If you are planning on attending the WSRT Annual Conference in October at the Kalahari, why not submit an exhibit or an essay?

It is a great way to learn about a subject you want to know more about and you could win a cash prize!

Look over the rules, fill out an application, and send it in to start the process. Deadlines are posted on the application.

We want to have a great competition this year with as many competitors as we can find!

If you have any questions, feel free to contact me.

Ron Marker, BS, R.T. (R)
Chairman, Essay and Exhibit Committee
WSRT ESSAY RULES

1. **Eligibility**: All second-year (senior) students and technologists attending the Annual WSRT Conference.

2. **Prizes:**
   - First Place $150
   - Second Place $100
   - Third Place $50

3. **Manuscripts**: All manuscripts must be original and submitted by one author. The manuscript must have a clearly identifiable thesis statement. A thesis statement is a single sentence that formulates both your topic (central idea) and your point of view toward it. Content and conclusion should substantiate the thesis. The topic chosen shall show relevance to radiologic technology. A complete bibliography should be included and reflect the most current research available. The bibliography and footnotes, if used, must conform to APA footnote style. A sample bibliography is included. The sample bibliography at the end of the rules is only an example. It only demonstrates what an entry should look like not how the entire bibliography should be arranged. Essays must be printed on 8 ½ by 11 inch paper, double-spaced, 12 font, with 1” margins. The paper must be 6 - 10 pages in length not included inserted images. The page count must be done **without** any inserted images. Page count does not include cover page or bibliography.

   Any graphic illustrations, charts, or diagrams used must be clearly labeled. No reference to a specific clinical site should be visible on any visuals used in the presentation.

   Manuscripts submitted to the essay chairperson will not be returned to the author. Three copies of the essay manuscript and illustrations, **with no identification**, must be submitted to the Essay Chairperson no later than the postmarking deadline as indicated on the application in order to be eligible for an award. A fourth copy will be submitted to the essay chairman in **electronic form**. Copies of slides or radiographs to be used do not have to be submitted. If electronic submission is not possible, arrangements will be made to accommodate the situation.

4. **Deadline**: The essay application must be submitted to the essay chairperson according to the postmarking deadline as indicated on the current application. All manuscripts must be submitted according to the postmarking deadline as indicated on the current application in order to be eligible for an award.

5. **Guarantee**: Each author submitting a manuscript is required to agree that she/he will present the paper orally at the annual conference if it is selected for presentation.
6. **Judging**: Three judges selected from the list by the essay chairperson will judge the essays on Parts 1, 2 and 3 of the “Essay Rating Scale-Paper”. This will be done prior to the conference in accordance with the judging instruction. The essay chairperson shall appoint three additional judges to evaluate the presentation of the essay at the annual conference using “Essay Rating Scale-Presentation”. The judges shall work independently and form their own opinions.

7. **Point Scale**: To be eligible for presentation at the annual conference, a paper must accumulate a total of 126 points when the judges’ scores have been compiled for parts 1, 2 and 3 utilizing the “Essay Rating Scale-Paper” prior to the annual conference. First, second, and third place awards will be awarded to the individuals receiving the three highest point scores. The total score on each essay is determined by compiling the scores from the paper and presentation evaluations. Please refer to the “WSRT Essay Rating Scale-Paper & Presentation” forms for assessment procedures.

8. **Presentation at the annual conference**: Once the preliminary judging has been completed the essay chairperson will tally the points and determine eligible papers for presentation based on total points accumulated. Thirty days prior to the annual conference, the essay chairperson will notify each entrant if her/his paper has been selected for presentation and the date and time of the presentation. Time limits will be strictly adhered to, and in the event a presenter runs over the allotted 15 minutes or under 12 minutes, points will be deducted in accordance with Part I: Time allotment of the Essay Presentation Rating scale. To enhance the presentation of the essay, speakers are encouraged to familiarize themselves with the essay content in an effort to avoid reading the paper verbatim. The WSRT will work with the needs of the presenters to provide the necessary audio-visual equipment. The presenter’s name will be announced prior to the presentation.

9. A student or technologist may only submit an entry into ONE category of competition: video exhibit, scientific exhibit or essay.

10. **Deviation from the Rules**: Deviations from these rules will be permitted only at the discretion of and by the action of the essay chairperson and the president of the WSRT.

WSRT SCIENTIFIC EXHIBIT/VIDEO RULES

1. Eligibility: All technologists and second-year (senior) students attending the WSRT Annual Conference.

2. Prizes:

<table>
<thead>
<tr>
<th>SCIENTIFIC EXHIBIT</th>
<th>VIDEO DISPLAY</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Place $150</td>
<td>First Place $150</td>
</tr>
<tr>
<td>Second Place $100</td>
<td>Second Place $100</td>
</tr>
<tr>
<td>Third Place $50</td>
<td>Third Place $50</td>
</tr>
</tbody>
</table>

Please note that separate categories exist for video displays and scientific exhibits, therefore, first, second and third place prizes will be awarded in each category. Prizes will be awarded during the annual conference.

3. Application for Space: All applications for scientific exhibit or video display space must be received by the chairperson according to the deadline posted. The exact postmarking deadline for the scientific exhibit or video display is indicated on the application. Upon receipt of an application, a letter of acknowledgment will be mailed to the exhibitor(s). The WSRT will provide a 6-foot x 30-inch table for each display. The display may be prepared by one or more students or technologists. If viewboxes, surge protectors, or extension cords are needed, participants shall make their own arrangements to have them present at the annual conference. As an alternative, the exhibitor may request 6-feet by 4-feet of floor space for a free-standing, self-contained display. All displays should not exceed a height of 8-feet measured from the floor. The total display must be included within allocated space. Displays not conforming to the specifications will not be eligible for competition.

4. Scientific Exhibit - Subject Matter: The theme for any scientific exhibit shall address an area related to Radiology. The topic for the exhibit cannot be changed once it has been submitted on the application. Any change will lead to disqualification of the exhibit. Exhibits must be the work of the presenter(s). The name(s) of the presenter(s) and the facility where they are employed should be identified on a separate card and not placed with the exhibit until after judging has taken place. Judging will be completed prior to 3 p.m. on the first day of the annual conference. Exhibitors may enlist the aid of institutional print shops and/or private printing firms. Exhibits prepared by professional exhibit companies are not eligible for competition. The exhibitor must remove or block out any markings on the radiographs/images so identification of the patient or the institution is not possible. The exhibits should consist of a subject pertaining to radiological technology supplemented by such charts, photographs, or technical factors as may be necessary. (Any additional credits or resources should be acknowledged.) Exhibits will not be considered for awards if they have received a first, second or third place award at the ASRT Annual Conference or other physician-oriented conference (A.C.R., R.S.N.A., etc.) Exhibits do not require viewboxes and may consist of projection equipment and devices designed by the exhibitor. Please refer to the “WSRT Scientific Exhibit Rating Scale” for assessment procedures.

5. Video Display - Subject Matter: The theme for any video display shall address an area related to Radiology. The topic for the video cannot be changed once it has been submitted on the application. Any change in topic will lead to disqualification of the video display. Video displays must be the work of the presenter(s). The name(s) of the presenter(s) and the facility where they are employed should not be identified anywhere within the video presentation. A separate card identifying the presenter(s) and the facility where they are employed should be placed next to the video display after
judging has taken place. Judging will be based on the video and not surrounding material. Judging will be complete prior to 3 p.m. on the first day of the annual conference. Time limits will be strictly adhered to, and in the event a video runs longer than the allotted 15 minutes or under 12 minutes, points will be deducted according to the video rating scale. All video and display equipment must be provided by the individual(s) creating the video. Please refer to the “WSRT Video Rating Scale” for assessment procedures.

6. **Time of Installation and Dismantling**: The time of installation of the exhibits will be determined by the exhibit/video chairperson. Installation must be completed prior to the opening of the annual conference. The presenter(s) must be present during the installation of the display, however, presenter may enlist the assistance of others. The Exhibit/Video Committee will be available to assist. Dismantling of the exhibit/video display must be completed by an assigned time of the last day of the annual conference. The exhibit/video chairperson will assign specific hours for installation and dismantling.

7. **Judging**: The exhibit/video chairperson will appoint three judges. To ensure accuracy of the exhibit/video information, medical imaging professionals will be selected as judges.

The judges will base their ratings on the WSRT Scientific Exhibit Rating Scale or the WSRT Video Rating Scale, and their opinions will be final. Judging will take place during the annual conference. First, second and third place awards will be presented to the individual(s) receiving the highest scores in the Scientific Exhibit and Video Display categories.

In the event that there is only one entry in any given category, a minimum point total must be achieved. For the video category, a minimum of 51 points must be achieved. For the scientific exhibits, a minimum of 105 points must be achieved.

8. **Liability**: WSRT will take all reasonable precautions to safeguard the exhibits/videos during the period of display, but the presenters are responsible for any loss or damage to the exhibit/video displays.

9. A student or technologist may only submit an entry into **ONE** category of competition, video exhibit, scientific exhibit, or essay.

10. **Deviation from the Rules**: Deviation from the rules will be permitted only at the discretion of and by the action of the exhibit/video chairperson and the president of the WSRT.

   ~Will you be using PowerPoint for the presentation? Yes ☐ No ☐

☐ Scientific Exhibit
   ~Is electricity needed for the scientific exhibit? Yes ☐ No ☐

ESSAY APPLICATION POSTMARKING DEADLINE IS:  August 11, 2010

Two electronic copies of the essay manuscript, one with identification and one without, and illustrations must be submitted no later than August 31, 2010. Copies of slides or radiographs to be used do not have to be submitted.

EXHIBIT APPLICATION POSTMARKING DEADLINE IS:  September 7, 2010

NOTE: Illuminators, surge protectors, and extension cords are NOT supplied.
I understand that to be eligible for an award I must be registered for and attending the WSRT Annual Conference and must comply with all essay and exhibit competition rules and I can only submit my entry in one category.

Signature–If you have not received a confirmation of your application within a reasonable time after submitting your application or have any questions, please contact the essay and exhibit chairperson at Ron.Marker@wfhc.org
Greetings fellow technologists, wouldn’t you like to help your fellow professionals and develop yourself professionally while gaining leadership training and practical experience? Here is the perfect opportunity to get involved and make a difference. Currently we are seeking Radiologic professionals to join our executive team, that’s right we want you!! I am seeking nominations for the following officers for the WSRT 2010 meeting in the Wisconsin Dells at the beautiful Kalahari Resort: President Elect and Member Delegate

If you or someone you know would like to participate further in our organization, please contact me to discuss further opportunities in the WSRT. Please see below for brief job description or visit our newly updated website @ www.wsrt.net for full job duties and description.

Randal Jasniewski MS, R.T. (R.) (CV)
Senior Board Member
Nominations Committee
Phone: 414-546-1524 E-Mail: jazrc@tds.net
**PRESIDENT ELECT**

1. The Member Delegate must be a WSRT member and an ASRT member for 2 continual years prior to the nomination, and must be in good standing. Shall serve as a member of the WSRT Board of Directors.

2. Keep in contact with President of WSRT regarding changes via verbal or written communications

3. Study and familiarize oneself with all aspects of the structure and function of all offices, committees, and by-laws of the WSRT.

4. Maintain a complete and accurate file of all correspondence received and sent during the tenure of office. All files will be transferred to the successor at the end of the term of office. This transfer will take place following the Annual Post-Conference meeting.

5. Update the WSRT Manual as needed.

6. Assume office of President at the next Annual Conference of the WSRT.

7. Attend the ASRT National Conference meeting. This will be of benefit for the following year as President of the WSRT with regards to Parliamentary Procedures and Roberts Rules of Order. The President Elect may be a substitute at the ASRT National Conference in the event the President or the Member Delegate is unable to attend.

8. Keep an accurate account of all expenditures and submit a voucher to the Treasurer at the mid-year and end of year with complete and accurate receipts within 30 days.

**MEMBER DELEGATE**

The Member Delegate is the primary information liaison between the WSRT and the ASRT House of Delegates. The Member Delegate is the ASRT Representative at the ASRT House of Delegates as well as the ASRT Representative at the affiliates Annual Conference. Member Delegates are the: WSRT President and the Member Delegate.

1. The Member Delegate must be a WSRT member and an ASRT member for 2 continual years prior to the nomination, and must be in good standing.

2. Shall attend the ASRT Annual Conference and submit a report at the WSRT Annual Conference.

3. The Member Delegate shall report decisions on all items of major importance, ASRT activities to the WSRT Board of Directors, and the WSRT membership, and report these votes after the ASRT Annual Conference through *The Illuminator*, newsletter, and/or at the next WSRT Annual Conference.

4. Whenever possible, the Member Delegate shall represent the viewpoint of the WSRT in the House of Delegates.

5. Shall attend all Board of Director’s meetings and report on the activities of the ASRT.

6. Keep an accurate account of all expenditures and submit a voucher to the Treasurer with complete and accurate receipts for Board of Directors’ approval within 30 days.

7. It is highly recommended that the Member Delegate be a part of the Legislative Committee and/or the ASRT Grass Roots Campaign Committee.

2010 KEYNOTE SPEAKER

Gale Kreibich will be the Keynote Speaker at the Annual Conference on Saturday, October 2. He is a very entertaining and enlightening speaker.

Gale Kreibich is at his best in front of an audience. He is a frequently requested presenter at numerous national healthcare meetings and regional educational seminars. Gale has the pulse on current workforce issues. He is currently director of Service Excellence at Gundersen Lutheran Health System in LaCrosse, Wisconsin. Specifically, he is responsible for developing the culture of service for patients and family, and for managing the patient satisfaction survey process for the health system. Gundersen is the 13th largest multi-specialty clinic in the U.S. with greater than 600 medical staff. His other workplace interests include teaching physicians to use behavioral interviewing techniques and in the instruction of teaching methods. His recent interest in healing environments lead him to spend time within the Norwegian National Health Service during the Fall of 2008.

Mr. Kreibich has had numerous positions in healthcare, ranging from a nursing clinical instructor, behavioral health group therapist, a healthcare curriculum designer in the areas of customer service and quality, a specialty physician recruiter, and most recently as a nursing fellowship faculty member in association with the University of Wisconsin-Madison. His keynote presentation areas include human resources, behavioral interviewing, generational issues in the workplace, and work/life balance. He is the author of Reflections, a customer service program for healthcare personnel; Solace, a hospice volunteer manual which has a primary audience in Canada and Great Britain; and Teaching to Teach, which is a presentation skill manual for physicians.
On February 4, 2010 Governor Jim Doyle signed Senate Bill 184 into law as 2009 Wisconsin Act 106 (“Act 106”). The legislation requires radiologic technologists to be licensed in Wisconsin for the first time. Prior to the legislation, anyone in Wisconsin could take X-rays in most settings. Act 106 is intended to protect patients from inappropriate and harmful exposure to radiation and make more efficient use of health care dollars through improved imaging quality and fewer repeat examinations.

Frequently Asked Questions

Who is required to obtain a license in Wisconsin under Act 106?

Under Act 106, no person may practice radiography except a person who holds a license or who holds a limited X-ray machine operator permit (limited permit). In addition, no person may use the title “radiographer” or represent himself or herself as a radiographer unless the person is granted a license.

What are the requirements to obtain a license or limited permit?

The Radiography Examining Board may grant a license or limited permit to a person who is at least 18 years of age, holds a high school diploma or equivalent, pays a fee, passes an examination, and completes specified educational requirements. To obtain a license, a person must complete an approved course of study in radiography. To obtain a limited permit, a person must complete an appropriate course of study.

Act 106 directs the Board to promulgate rules that establish standards for courses of study, for examinations, and for continuing education. The board may promulgate a code of ethics for licensees and limited permit holders, and may deny, limit, revoke, or suspend a license or limited permit held by persons who commit specified infractions. The bill also provides for licensure or issuance of a limited permit to a person currently practicing radiography who passes an examination administered by the board.

Is there a grandfather clause for currently practicing radiographers?

The bill provides an opportunity for licensure or issuance of a limited permit, during a 25 month period that begins on February 19, 2010, to a person currently practicing radiography for at least three of the five years prior to application if that person passes an examination administered by the board. However, the educational requirements do not apply (except for the requirement of a high school diploma or equivalent). In addition, the Board may provide an exception to its regulations that permits a person to substitute registration with the American Registry of Radiologic Technologists for the examination requirement. Other details may be added as part of the regulatory process as well.

Are there any exceptions to the licensure?
Yes. The license or limited permit requirement does not apply to a physician, physician assistant, chiropractor, dentist, dental hygienist, or podiatrist, to a person who is directly supervised by a chiropractor and who has completed a training program approved by the Chiropractic Examining Board, or to a person who is directly supervised by a podiatrist and who has completed a training program approved by the Podiatrists Affiliated Credentialing Board. The Act also includes an exemption for the quantitative assessment of bone mass using single or dual energy X-ray absorptiometry (bone densitometry).

**What are the rules for radiography students?**

The Act exempts a radiography student in a radiography program approved by the board, if the person is directly supervised by a physician or licensed radiographer.

**What is a limited X-ray machine operator permit?**

A limited permit authorizes the holder to perform radiography of one or more of four portions of the body specified in the Act:

- The thorax, lungs, and ribs.
- The upper and lower extremities, including the pectoral girdle but excluding the hip and pelvis.
- The foot, ankle, and lower leg below the knee.
- The cervical, thoracic, and lumbar spine.

**Who grants the license or limited permit?**

Licenses and limited permits will be granted by a seven-member Radiography Examining Board within the Wisconsin Department of Regulation and Licensing. The terms and requirements to obtain a limited permit will be promulgated by the newly formed Board soon.

**What is the effective date of the Act?**

The Act generally takes effect February 19, 2010, the day after publication in the official state newspaper. However, time is needed for the Radiography Examining Board to establish itself, promulgate regulations and get up and running. Therefore, the prohibition on representing yourself as a radiographer or engaging in the practice of radiography without a license does not go into effect until 25 months after the Act’s effective date.

**Do other states have similar licensure and limited permit requirements?**

Yes. With the enactment of Wisconsin’s law, there are now 39 states with licensure requirements and 31 states with limited permits.
At the date of the last report in September 2009, the legislation that the WSRT had been pursuing to bring proper radiologic care was winding its way through the legislative process. Following the Senate hearing on SB 184 on August 18, 2009, the bill was voted out of the Committee on Health, Health Insurance, Privacy, Property Tax Relief and Revenue unanimously. The identical Assembly companion Bill 267 was referred to the Joint Finance Committee. It took until October 28 for both bills to be voted out of the Joint Finance Committee. It passed by a vote of 15-1 and there was no discussion. At this point, the 2 bills were ready for a floor vote. Mr. Michael Blumenfeld, our lobbyist was working inside the Capitol and the legislative committee members were busy contacting legislators to hasten action on the bills before November 5, the last day of the session for 2009. WSRT alerts were sent to members whose current e-mail addresses were known. The goal was to have either the Assembly or the Senate pass their respective bill so that one of the bills would be “messaged for immediate action” to the other legislative body for “concurrence” or final passage. Mr. Blumenfeld was very busy in the Capitol that week to facilitate this process. On November 3, Assembly Bill 267 was passed, and messaged to the Senate by a vote of 82-11. On November 5, the last day of the session, Senate Bill 184 was passed by a vote of 30-2 as an independent bill, and messaged to the Assembly for immediate action. It was our hope that Assembly Bill 267 would have been “concurred” upon by the Senate, instead, to achieve final passage. However, politics may have had a hand how this proceeded and it was up to the Assembly to make the move to concur on Senate Bill 184. Michael and committee members were up late at night watching the proceedings on the internet. Time ran out early in the morning November 6 and no action was taken by the Assembly on Senate Bill 184. We would have to wait now until the beginning of 2010 for action on our bills.

On the morning of November 6, calls were made to key legislators about our disappointment and to urge them for action as soon as the legislators reconvened on January 19, 2010. It was encouraging to hear that our bills’ wide bipartisan support should help to move them forward in 2010, and by this time in this long journey, we realized that nothing was guaranteed. Mr. Blumenfeld kept our issue fresh in the offices of the Capitol during the interim and committee members made calls. On January 7, Sandy Helinski and Sue Sanson joined committee member Connie Geier and Mr. Blumenfeld in Madison to again meet with key legislators and the office of Governor Jim Doyle. By the tone of these meetings, we were confident that the legislators knew our issue well and they conveyed that they would push for action early in the 2010 session. We were ecstatic when we heard from Mr. Blumenfeld that the Assembly would take up the vote on Senate Bill 184 on the first day of the floor period on January 19. Connie and Sandy were able to attend the proceedings that day with Mr. Blumenfeld. We witnessed the democratic caucus session which was open to the public prior to the vote with Dan Hayes, an associate of Mr. Blumenfeld. Late that afternoon, Senate Bill 184 was taken up with other legislative measures and passed by a vote of 85-11. We gained 3 more votes from the November session. Our goal had been achieved—final passage of the legislation. We are very grateful for the actions of Representative Terese Berceau, author of the identical Assembly Bill 267 for her push
for concurrence on Senate Bill 184, authored by Senator John Lehman. Both of these legislators exhibited exceptional leadership throughout this complicated process.

Governor Jim Doyle signed Senate Bill 184 into law on February 4 as Act 106. The signing was attended by the legislative committee members, Mr. Blumenfeld, and a small group of WSRT leaders, past and present. Mr. Greg Spicer who led the WSRT licensure effort in the 1980’s with Mr. Harry Torosian received the first pen the Governor used to sign our bill. Author Senator John Lehman was in attendance as well as cosponsors Senator Lena Taylor and Representative Robert Turner of Racine. Dr. Gregg Bogost, legislative chairperson of the Wisconsin Radiological Society, the professional association of Wisconsin radiologists was also there to witness this moment in WSRT history. The WSRT is grateful for the support that they received from the WRS in this effort. Representative Berceau was not able to attend the signing. We thank her for allowing this important last step to occur without her presence. Having had expressed her experience with many radiologic procedures in her life, both in her testimony and support for this legislation, she understood the need for its enactment for the proper care of Wisconsin’s patients without delay.

The next step in the enactment of Act 106 will be the assembly of the Radiography Examining Board. Our profession of radiography now will have an examining board, equal to that of other state professional boards, to promulgate rules that will carry out and uphold the provisions of the legislation. This process could take up to two years, as stipulated in the Act. There are many questions that will certainly surface. A document of “Frequently Asked Questions” will accompany this report that may help to answer some of them at this point in the process. This legislative mission took almost 4 years to complete. It was carefully drafted in accordance with current state laws that had to be considered, as well as modeled after how the ASRT federal CARE bill is expected to affect the profession of radiography. Other states’ licensure laws were used by the Wisconsin drafting attorneys in this process to affect a framework of patient-centered legislation that would be amenable to the myriad of legislators’ concerns, as well as uphold the integrity of the role of the registered radiographer. As a WSRT member, you can be proud to belong to an organization that has stood up for health care reform and for the patients we serve.

Committee members Connie Geier, Susan Sanson, and myself, Sandra Helinski wish to express our sincere appreciation to Mr. Michael Blumenfeld for his superior guidance and hard work throughout this legislative journey. Without his assistance and that of his associates, Dan Hayes, Jillian Schooley, Katie Wirka and Rachel Klegman who took many of our inquiries, we would not have been able to achieve this goal.

The passage of the Wisconsin licensure legislation will help to motivate other states in their own state initiative as we bring the good news to Washington, DC. The WSRT Board of directors has again authorized participation in the ASRT RT in DC program on March 8-9. Julie Burt, WSRT President Elect and Sandra Helinski will serve as the WSRT delegation. They will join Radiation Therapists of Wisconsin (RTOW) representatives, Stacey Pigeon, Sarah Seefeld and Vicki Mullins to meet with federal legislators for cosponsorship and support of the Consistency, Accuracy, Responsibility and Excellence in Medical Imaging and Radiation Therapy (CARE) bill. The CARE bill will require federal minimum standards of education for persons performing medical imaging and radiation therapy. This bill was introduced in the US House of
Representatives on September 25, 2009 by Representative John Barrow of Georgia. We will carry the successful state effort momentum to the federal level to work towards comprehensive radiologic health care reform for all of our nation’s patients.

On behalf of the WSRT Legislative Committee, I want to thank the current WSRT Board and WSRT past leaders who supported this effort and for their confidence in our ability with Mr. Blumenfeld to complete the legislative mission. This did not occur without sacrifice on their part, as well as that of the Legislative Committee members themselves. Connie Geier, Susan Sanson and I were a team throughout, each with unique experiences and insights on what to do next. I will never forget the lighter moments and the fun along the way. A tremendous amount of personal time and dedication was required—it was by no means ever easy, and the hardest part is that it was never a guarantee. However with continued persistence for something that we knew was right for our patients and the profession, we succeeded----WSRT and professional history was made.

Respectfully submitted,

Sandra Helinski MRA, RT (R), QM, MR
WSRT Legislative Chairperson
The Wisconsin Society of Radiologic Technologists

FELLOW APPLICATION

In order to recognize the significant contributions of WSRT members to our professional association, the WSRT has instituted a Fellow status.

Using the evaluation point scale and form below, members may submit an application for Fellow status. Applications are made to the Fellow Committee. All applicants will be notified of the Committee’s decision, and those members who qualify for Fellow status will be recognized at the following state annual conference.

The deadline for submission of applications is March 20. Fellow status will be conferred at the following state annual conference. Application fee is $25 to the WSRT.

INSTRUCTIONS

Please note that it is improvement to submit appropriate documentation to support the total value of each category. Documentation relative to titles of lectures and locations, as well as references of publications must be submitted. Inclusion of a resume or curriculum vitae is also requested.

There are four major evaluation categories: WSRT contributions, education, professional experience, and professional contributions. Each of these has a maximum point limit.

Items within each category are assigned a point value, indicated in parentheses. The applicant identifies the year(s) of achievement for each item and multiplies that by the point value. For example, Item IA2, each elected office at 4 points:

Office: Treasurer Yr. 1979-82 (3 yrs. x 4 = 12)
Office: Secretary Yr. 1984-86 (2 yrs. x 4 = 8)

All accomplishments, i.e., elected offices, Committee appointments, publications, etc. must have been completed at the time of application in order to be eligible for consideration.

Completed applications should be mailed to:
Linda Krause R.T.R, RDMS,FWSRT
5675 168th St.
Chippewa Falls, Wi. 54729
krause.Linda@exeau.mayo.edu

DISTRICTS MEET

WSRT DISTRICT ONE

DISTRICT ONE

District One held a six credit educational seminar and business meeting at GE Healthcare Institute on Saturday, October 24, 2009. Topics included “Radiographs & Orthopedics” by Eric Pfiel, MD; “The Role of DICOM in Imaging Networks” by Lean Cordisco, GE Healthcare IT Program Manager; “Cardiac CT” by Steve Rucci, CT Clinical Educator GE Healthcare; and “Coping With Life Chances and Transitions in our Professional Lives” by Deborah Cohen-Smith, Ph.D. A brief business meeting with nominations for secretary and district one representative was held. Tammy Gallant was elected treasurer for District One. She will replace Ardi Gottschalk who is our current secretary of the state society. Tammy is a MATC second year radiography student. District One welcomes Tammy to her new position. The seminar was attended by 30 students and 47 technologists.

The next educational seminar and business meeting will be Saturday, March 6, 2010 at GE Healthcare Institute. The day will begin with registration at 7 am. Six educational credits will be offered. Topics will include “Multi-Modality Breast Imaging” by Joe Morton, MBA,RT(R), RDMS and Denise Lukasik-Sedmak,EdD,RT(R)(M)(MR)(CT); “Tissue Donation and Transplant Applications” by Wendy K. Healy, Wisconsin Tissue Bank; “Eponyms in GI Radiology” and “Postoperative Imaging of the Gastrointestinal Tract” by Paul Knechtges, MD and “Hmong Culture: Beliefs, Value and Practices” by June Vang, Hmong American Friendship Association, Inc.

Current officers for District One are: President, Denise Lukasik-Sedmak, Secretary Jayne Wisniewski, Treasurer Tammy Gallant, and District Representative Mary Felhofer.

Please check the WSRT Website www.wsrt.net for further information.

Respectfully submitted,

Mary Felhofer
District One Representative
DISTRICT FIVE

Watch for further detail on upcoming seminars and District V meetings with educational credits on the WSRT web site. www.wsrt.net

WSRT Continuing Education Reimbursement Application

Professional Advancement Reimbursement for $400.00

This reimbursement is offered for attending a formal certified program from an accredited learning facility in the areas of: Nuclear Medicine, Ultrasound, Radiation Oncology, CT, MRI, Special Procedures, Radiology, Management, or Education.

Minimum Qualifications
1. Must be ARRT registered (in good standing) and a WSRT member (in good standing), for at least 2 consecutive years just prior to application for reimbursement.
   2. Must be presently employed within the imaging sciences for at least 3 years.
   3. Must provide documentation of acceptance into the formal education program.
      A. Persons pursuing education goals on a full-time basis may apply for documenting $400.00 in course and book fees.
      B. Reimbursement after acceptance into a formal program and persons pursuing educational goals on a part-time basis may apply for reimbursement after completion of the course.
   4. Courses from which you have received reimbursement from another source are not eligible.
   5. To be eligible for this reimbursement, you must have participated in at least one of the WSRT activities listed below.
      A. Elected State or District office held
      B. State appointed Committee Member or Chairperson
      C. Present essay or exhibit at state meeting
      D. Speaker at ECE approved program (district seminars or WSRT Annual Conference, WAERT, etc.)
      E. District committee member or chairperson
      F. Annual conference planning committee member or chairperson

Reimbursement Selection
The Reimbursement Committee shall meet at least once a year, at the Pre-Annual Conference board meeting to review applications for minimum qualifications and to select one recipient for reimbursement by lottery from qualified applications.

Reimbursement Committee Membership
The Reimbursement Committee will consist of the WSRT Board of Directors and District Representatives. Persons applying for reimbursement may not be included in the Reimbursement Committee.

Publicity (Recipient Only)
Publicity information, including a photograph of the recipient, must be made available to the WSRT, the editor of the Illuminator and the recipient’s hometown newspaper. Recipient will be announced at the WSRT Annual Conference. PAYMENT WILL BE MADE DIRECTLY TO THE CHOSEN APPLICANT.

Membership Participation

Active/ASRT members are also active members of the American Society of Radiologic Technologists. (Proof on ASRT membership required with application.)

Associate members are actively practicing the art and science of Radiologic Technology who are not members of the ASRT.

Inactive are no longer engaged in the field of Radiologic Technology.

Commercial/Supporting members are interested in promoting the purposes and functions of the Wisconsin Society of Radiologic Technologists.

Student members are enrolled in an educational program recognized by an acceptable accrediting body.

Corporate members are a minimum of six individuals who are members of the same organization who are qualified to hold either an Active/ASRT* or an Associate membership in the WSRT.

*ASRT Members: The WSRT offers a reduced fee to all members who also hold membership in the ASRT. To receive active status and reduced fee, you must enclose a copy of your current ASRT membership card. Your ARRT card does not qualify for this discount.

Recruitment Incentive:
Who asked you to join the WSRT?
They could win a prize!

*Click on option “Click here if you were assigned a 5-digit group code”.
*Enter Code WIS18 and click next.
*Then you will enter first name, last name and ARRT number and click next.
(This will check you in the WSRT database)
*Once your account is made, you will get 12 free Group Credits.

X-Ray Credits : RCEEM : AHRA
SONO CREDITS : RCEEM : SDMS

If you have any problems navigating the website you will need to email support@e-edccredits.com.

Whereas if you can’t make an account because you have received an error message you will need to contact WSRT Member Services @ wsrtmemberservices@earthlink.net to double check the spelling of your name and ARRT number that you have in the database.

The WSRT hopes that you will take advantage of this great opportunity offered to you as a member of the WSRT.
NOTE:

You can place an ad or other Personals on this Bulleting Board.

$5.00 for 3 lines
Or $1.70 each line.

Mail or E-mail AD to the Illuminator Editor.

Send payment to the Illuminator Editor,
address listed in WSRT Board Appointments.
